

**It's a magical time**

Chorus

It's a magical time of the year,  
It's a time to enjoy the celebrations.  
There's a wonderful song in the air,  
The message of Christmas for the world to hear.

Carols and choirs,  
Warm open fires,  
Pictures of every December.  
Tinsel and glitter,  
Candles a-flicker,  
These are the thing we all remember.

***CHORUS***

Lights in the window,  
Cold winter winds blow,  
Pictures of every December.  
Holly and ivy,  
Snow on the pine trees,  
These are the things we all remember.

***CHORUS***

Last minute shopping,  
Presents and stockings,

Pictures of every December.  
Uncles and Aunties,  
Crackers and parties,  
These are the things we all remember.

***CHORUS***

Last chorus  
It's a magical time of the year,  
It's a time to enjoy the celebrations.  
There's a wonderful song in the air,  
The message of Christmas for the world to hear.  
The message of Christmas for the world to hear.  
The message of Christmas for the world -to- hear.
