

Reorder the Goblin Grass cake recipe

Help! Someone has muddled up these instructions. Put the instructions back in the right order and add in some time adverbials so that anyone reading the recipe knows which order they should be completed in. To help you, the introduction and conclusion are in the right place.

A recipe for Goblin Grass Cake

(This is for goblins only and not for human consumption!)

Are you a Goblin? Do you enjoy eating cake? Well if you do, this is the recipe for you!

Once the swamp water has turned everything to mush, say the special goblin cake spell: 'Want a cake that we can make? Now you don't have to wait!'

Pour into the bowl a clump of grass, a large bucket of mud, a handful of slugs and some worm slime.

Add 2 litres of swamp water into the grass and mud mixture and stir for 20 minutes.

Mix everything together with the rusty spoon.

Get a large bowl and a rusty spoon

Before your very eyes, a scrumptious, worm-slime-filled cake will appear.
