Underline in the same colour the pairs of words that rhyme in the text below. Then write a list of all the words that rhyme that you can remember from watching *The Black Hat*.

There weren't too many things a  
lonely young boy like him could  
do.

So he went for long forest walks,  
hoping he'd find something new.

His ears rejoiced at the creek of a  
branch and the crunch of a twig.

He loved the smells, the forest  
was damp, dark, deep and it was  
big.
